

Mathew CS

AI & ML Student | Graphic Designer

About Me

I'm a freelance graphic designer with 2 years of experience, passionate about crafting visually engaging and impactful designs that communicate ideas effectively. Currently pursuing an Integrated M.Sc. in Computer Science (AI & ML), I'm deeply interested in data analysis, data structures, and algorithms for efficient data processing. I blend my creative design expertise with growing technical skills in AI/ML to create innovative and data-driven solutions.
